Have you ever seen something in ASL that made you feel like you're watching a movie? Did you know that you can incorporate those same "cinematic ASL" tools into your everyday ASL, with immense impact? Get on your way to using them in this introductory workshop!
Entirely in ASL! No English interpretation provided.

Also known as "Awti", Austin Andrews (CI, CT, NIC Master, BEI Master) is widely recognized from his YouTube video, "Deaf Ninja". Awti works with Deaf and hearing ASL professionals who want to tap into the most powerful elements of ASL – the elements that make jaws drop.

More workshops to come in 2016!
